

At Christ Lincoln, we have several statements of faith surrounding holy communion. We believe that we are sinners, and that Jesus died to forgive our sins. We believe that in the communion meal, Jesus feeds us with His body and blood.

As a body of believers, we want to live more like Christ, and we require His power to do so. We want others to know that we are looking forward to Jesus' return. Finally, we want to come to the communion meal in union with other believers gathered together.

If you agree with these statements, then we invite you to partake in holy communion. If you have questions on these statements and want to talk through them further, please contact us by emailing [contact@christlincoln.org](mailto:contact@christlincoln.org). If you disagree with any of these statements, we ask that you remain seated in our worship space, or come forward for a blessing.
